Cyber Security for the Future: AI and Machine Learning Applications**

The Kongunadu College of Engineering and Technology along with Department of computer science and engineering associated with National Cyber Security Standards has organized a Workshop title on **“Cyber Security for the Future: AI and Machine Learning Applications”** on 01.02.2025 at our institution. The students belonging to the Artificial Intelligence and Data Science students are participated in this Workshop. The program was started with a welcome address delivered by Sudarshana R Third Year/AD. The Resource Person **Mr. Santhosh Raaj F**, Senior Associate Consultant Infosys Ltd, the Guest speaker was acted as the resource persons for this programme.

This Workshop is focused on the Cyber Security in future with AI and Machine Learning. In this Workshop, totally **50** students and all our department faculties are participated. Through this workshop participants gained valuable insights into **threat detection, predictive analytics, automated security responses, and anomaly detection** powered by AI/ML. Hands-on demonstrations and real-world case studies showcased how **deep learning models, behavioral analysis, and intelligent algorithms** can significantly enhance **cyber defense mechanisms**. The program ends with a vote of thanks from Sakthivelan K, Third Year/AD.
