

DEPARTMENT OF ARTIFICIAL INTELLIGENCE AND DATA SCIENCE

To,

The Principal,
Kongunadu College of Engineering and Technology,
Thottiyam, Trichy – 621215.

Respected sir,

Sub: Requisition for conduct a one day Seminar in AI &DS Department – Reg

We have planned to organize a one day Seminar on **Future directions and guidance for securing high-paying roles in IT industry"**.held on 28-09-2024 in our Department. **Mr.Bala Shanmugham**, Senior Software Engineer, Caterpillar, Coimbatore the Guest speaker. It will be a great opportunity for our college students to attend the Program as it will be full of awareness on IT Industry it will help them in the future. So I kindly request you to give us permission for organizing the Program for AI&DS students.

Thanking you,

Yours Faithfully,

Thottiam

RESPECTED SIR:

Thank you for your kind invitation to serve as a resource person for the seminar organized by the Department of Artificial Intelligence and Data Science at Kongunadu College of Engineering and Technology on September 28, 2024. I am honoured to accept this opportunity and look forward to contributing to the discussion on "Future Directions and Guidance for Securing High-Paying Roles in the IT Industry."

Please let me know if there are any specific topics you would like me to cover or any other details I should be aware of as we prepare for the event.

I look forward to meeting everyone and engaging with the students and faculty.

Best regards,

MOHAMMED TAAREEQA.A
GENERAL MANAGER
NIKOLA369 SOLUTIONS.

Dear Sir,

The Department of Artificial Intelligence and Data Science of Kongunadu College of Engineering and Technology, Trichy, Tamilnadu, We are happy to inform you that, we are planning to organize a Seminar on 28-09-2024 in our department through National Cyber Security Standard. We request you to be a resource person for conducting a Seminar on this day for the same. We are very much hopeful that you will be able to accept our invitation and enable us to have a Resource person through physical presence during the session and to deliver a Seminar on "**Future directions and guidance for securing high-paying roles in IT industry**".

Kindly confirm your acceptance as soon as possible.

Thank You...

With Regards,
Dr.K.Baskar, M.E., Ph.D.,
Associate Professor and Head,
Department of Artificial Intelligence and Data Science,
Kongunadu College of Engineering and Technology,

Head of the Department
Department of Artificial Intelligence & Data Science,
Kongunadu College of Engineering and Technology,

****Balashanmugam - Data Engineering Expert****

Balashanmugam is a seasoned Data Engineer with 4 years of dedicated experience working for various prominent US-based clients in energy, oil & gas, insurance domains. He has developed a strong expertise in SQL, Python, PySpark, AWS & Azure cloud technologies, excelling in harnessing data to drive actionable insights and optimize operations. With a proven track record of developing robust data pipelines and implementing scalable solutions, he is committed to advancing the field of data engineering.

****Professional Experience:********Caterpillar (2024 - Present)****

Balashanmugam's current role at Caterpillar involves extensive work with AWS services, including RDS, Lambda, EC2, S3, and SageMaker. He is proficient in data warehousing, utilizing the Snowflake tool, and has demonstrated advanced Python skills by creating custom artifacts for pipeline frameworks instead of relying on built-in libraries.

****Tiger Analytics India Pvt Ltd, Chennai (Nov 2021 - 2024)****

During his tenure at Tiger Analytics, Balashanmugam developed numerous customized workflows tailored to the unique requirements of an Oil & Gas client. His responsibilities included:

- ****Customized Workflow Development:**** Developed complex workflows using Python, SQL, and PySpark to calculate recovery factors from oil wells, determine oil volumes in each grid, assign operators, and more.
- ****Data Engineering Pipeline Leadership:**** Led the creation of robust data engineering pipelines, which involved segregating input files based on name and extension, followed by thorough transformations and cleaning processes. These pipelines generated final tables optimized for consumption by BI layers in dashboards.
- ****YML Automation Implementation:**** Innovated YML automation techniques within notebooks, reducing hardcoded elements and enhancing code accessibility. Developed Python functions that dynamically created and populated tables based on YML specifications, allowing non-technical stakeholders to update transformations easily by editing YML files.
- ****Migration to Databricks Workflows and Unity Catalog Implementation:**** Successfully migrated Azure Data Factory (ADF) pipelines into Databricks workflows, improving efficiency

and scalability. Implemented Unity Catalog for centralized management of workflows, facilitating seamless monitoring and maintenance.

****Technical Proficiency:****

- ****Languages & Tools:**** SQL, Python, PySpark, Azure, AWS, Databricks, Snowflake, YML Automation.
- ****AWS Services:**** RDS, Lambda, EC2, S3, SageMaker, Athena
- ****Data Engineering Skills:**** Data pipeline development, data warehousing, workflow customization, and automation.
- ****Cloud Expertise:**** Extensive experience with Azure and AWS cloud technologies.
- ****Other Skills:**** Working proficiency in German (A1 level).

Balashanmugam's technical skills, combined with his innovative approach to data engineering, make him a valuable asset to any team seeking to optimize their data processes and drive impactful results in the field of data analytics and engineering.

Future directions and guidance for securing high-paying roles in IT industry**

The Kongunadu College of Engineering and Technology along with Department of computer science and engineering associated with National Cyber Security Standards has organized a Seminar title on "Future directions and guidance for securing high-paying roles in IT industry" on 28.09.2024 at our institution. The students belonging to the Artificial Intelligence and Data Science students are participated in this Seminar. The program was started with a welcome address delivered by Sabari Kameswaran S Final Year/AD. The Resource Person **Mr. Bala Shanmugham**, Senior Software Engineer, Caterpillar, Coimbatore, the Guest speaker was acted as the resource persons with their team for this programme.

This Seminar is a useful for all students, because it is focused on the carrier and IT industry. In this seminar, totally 66 students and all our department faculties are participated. The program about to the IT industry offers lucrative career opportunities for those who adapt to emerging trends and acquire in-demand skills. By following this guidance and leveraging recommended resources, professionals can secure high-paying roles and thrive in this dynamic industry. The program ends with a vote of thanks from Gokul Krishnan N, Third Year/AD.
