The seminar for the academic year 2023-24 was conducted for all first-year students. The seminar was handled by Dr. S. Brahadeeswaran, Deputy Director (Affiliations) at the Regional Office and Professor in the Department of Physics at Bharathidasan Institute of Technology Campus, Anna University, Tiruchirappalli. Dr. Brahadeeswaran is a renowned physicist and has received several awards for his significant achievements in the field.

The seminar started at 10:00 a.m. Dr. Brahadeeswaran explained the importance of physics in engineering and technology, highlighting its role in fields like electronics, mechanics, and materials science. He used examples and videos to show how physics helps in real-world engineering projects and innovations.

He encouraged students to integrate physics with their engineering courses to improve their skills and the seminar concluded at 1:00 p.m., leaving students with a better understanding of the importance of physics in their field.
