DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

VISION:

To produce competent software professionals, academicians, researchers and entrepreneurs with moral values through quality education in the field of Computer science and Engineering

MISSION:

- Enrich the students' knowledge and computing skills through innovative teaching-learning process with state-of-art infrastructure facilities.
- Endeavour the student to become an entrepreneur and employable through adequate industry institute interaction.
- Inculcating leadership skills, professional communication skills with moral and ethical values to serve the soceity and focus on students' overall development.

FACULTY EDITOR

As we unveil the latest edition of Epic Techno Trial, it's clear that the creativity and innovation of our students and faculty know no bounds. This magazine is more than just a collection of articles – it's a testament to the passion, expertise, and collaborative spirit that defines our college community.

I'd like to extend my heartfelt gratitude to Dharaneesh, the student editor, the editorial board, and all the contributors who worked tirelessly to bring this publication to life. Your dedication to showcasing our college's excellence is truly commendable.

Warm regards
Mrs.P.THENMOZHI

• Student EDITOR

- With immense pride and heartfelt joy, I present this edition of Epic Techno Trial, a magazine that truly reflects the spirit of innovation, creativity, and collaboration at Kongunadu College of Engineering and Technology. This publication serves as a vibrant platform to highlight the remarkable achievements and contributions of both our students and faculty.
- The journey of creating this magazine has been a deeply enriching experience, filled with learning, memorable moments, and continuous inspiration.
- I hope Epic Techno Trial instills a sense of pride in our institution and acts as a source of motivation for all. May it inspire us to dream bigger, think deeper, and strive for excellence in all our endeavors.

The Pressure to Be Perfect

- HANISHA S II YEAR A

Everyone expects us to be perfect. Perfect marks, perfect behavior, perfect decisions. From a young age, we are told that mistakes are bad and failure should be avoided. Slowly, this creates pressure—pressure to never go wrong.

As students, even small mistakes feel huge. One low score can ruin our mood for days. We start believing that if we fail once, we are not smart enough. Instead of learning freely, we become afraid—afraid to answer questions, afraid to try something new, afraid to fail.

A lot of this pressure comes from comparison. We look at others who seem to be doing better and forget that they struggle too. We only see their success, not their hard work, stress, or failures. This makes us feel behind, even when we are doing our best.

Trying to be perfect all the time is tiring. It takes away the joy of learning. We focus so much on results that we forget the process. But the truth is, no one learns without making mistakes. Mistakes are not shameful—they are necessary.

Perfection also affects our mental health. Constant pressure can lead to stress, anxiety, and self-doubt. We start linking our self-worth to marks and achievements. But we are more than our grades. One exam cannot decide our future.

Letting go of perfection doesn't mean giving up. It means understanding that growth takes time. It means accepting that we won't always succeed—and that's okay. What matters is learning and moving forward.

&
Non Technical
Achievements

2000s: Internet Boom
2010s: AI & Beyond

Devapriyan P of IV Year Computer Science and Engineering Department won second prize in the event Fusion Festa 2025 organized by Sethu Institute of Technology on 26.09.2025

Soundarya M of IV Year Computer Science and Engineering Department won First prize in the event Project Presentation organized by Kongu Engineering College on 26.09.2025

Dharaneesh K S of III Year Computer Science and Engineering Department won Second prize in the event Code Debugging organized by Nandha College of Technology on 26.09.2025

Girinath A M of IV Year Year Computer Science and Engineering Department won First prize in the event Procodex organized by Sengunthar Engineering College on 25.09.2025 & 26.09.2025

Three CSE student teams have been shortlisted for the prestigious India International Science Festival (IISF) – 2025, S&T Hackathon (Viksit Bharat 2047)

Two CSE student teams have been qualified for the Grand Finale of Smart India Hackathon 2025, scheduled from 08–12 December 2025 at various nodal centers across India.

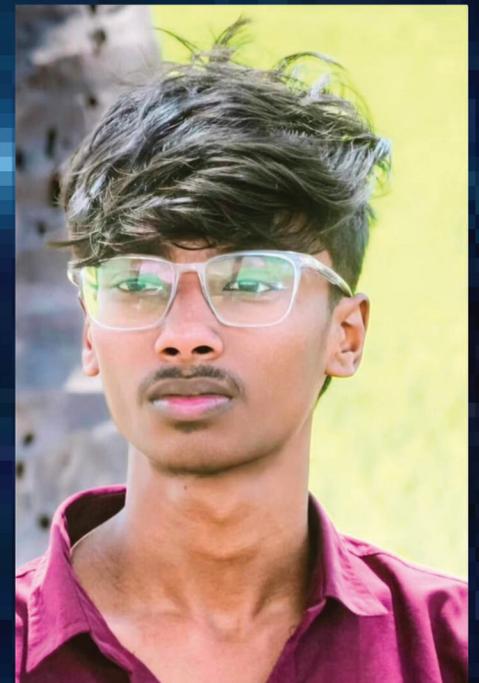

Nithish S J & Gowtham S of IV Year Computer Science and Engineering Department won Second prize in National level Technical Symposium organized by Sengunthar Engineering College on 25.09.2025 & 26.09.2025

Hebsika A and Imaran Thasneem A N of II Year Computer Science and Engineering Department won First prize in the event Paper Presentation organized by Karpagam Institute of Technology on 13.09.2025

Dharaneesh R, II Year – A, has been selected for IISF 2025 under the category Startup Journey

STAFF ACQUISITION

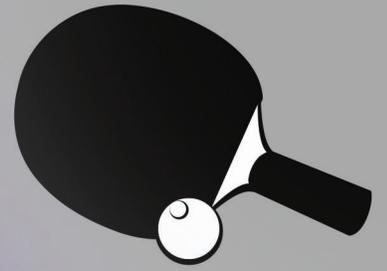

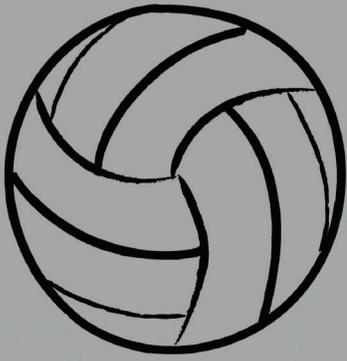

Our faculty-led R&D team headed by Dr. Yogapriya J received ₹5–10 Lakhs seed funding and incubation support from AMTZ after being shortlisted among 9 teams nationwide at the Global Hackathon, Visakhapatnam (Dec 12–13, 2025).

Dr.S.Dhanabal, ASP, CSE Department, received the “Mentorship Excellence” award in the MongoDB Skill-a-thon 2025, presented by ICT Academy of India on 29th October 2025

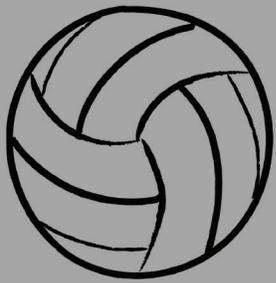

Dr. J. Yogapriya, Dean (R&D) and Professor/CSE is actively engaged in mentoring 11 Government Schools in Tiruchirappalli for the Vikshit Bharat Buildathon 2025, under the guidance of the AICTE–Ministry of Education Innovation Cell (IIC), New Delhi.

Extra Co-Curricular Activities

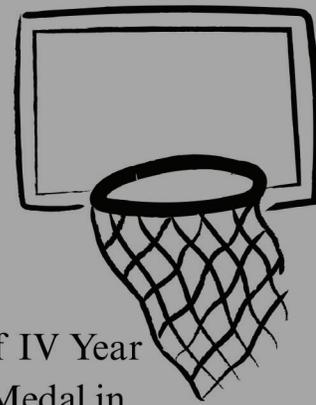

Girinath A M of IV Year
JUDO
CHAMPIONSHIP
 participphate at Bhopal,
 madhya pradesh

Girinath A M of IV Year
 won the Gold Medal in
 Hammer Throw (1st Prize)

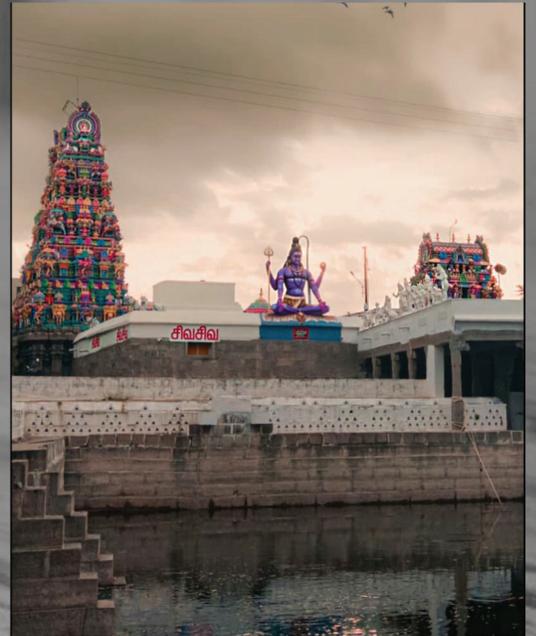

Our department students made us
 proud by securing Runner-Up in the
 Zonal Handball Match, showcasing
 excellent teamwork, discipline, and
 sportsmanship.

Subha P of IV Year Computer Science and
 Engineering Department won Silver Medal in the
 event Table Tennis organized by Sports
 Development Authority of Tamilnadu in September
 2025

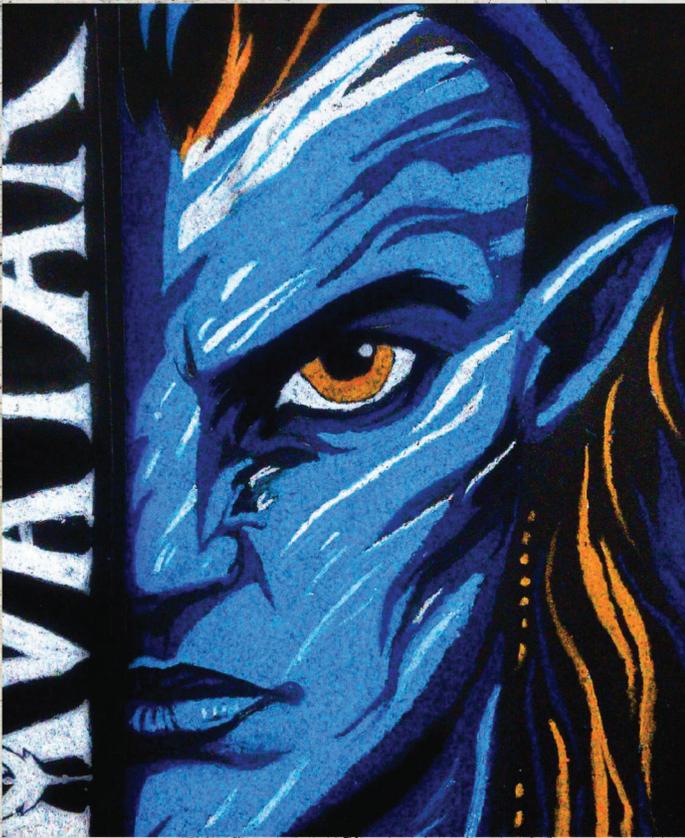

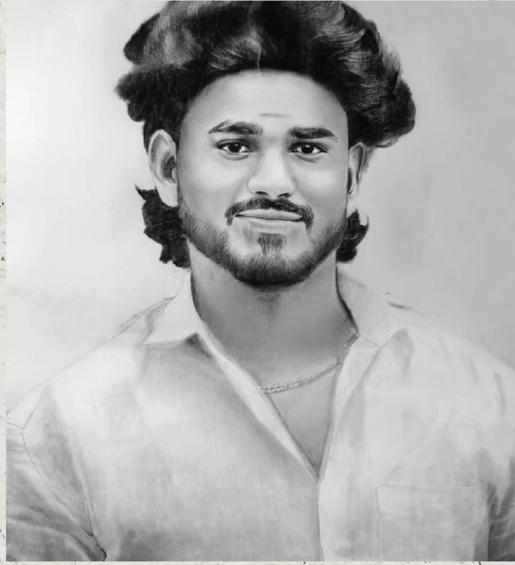

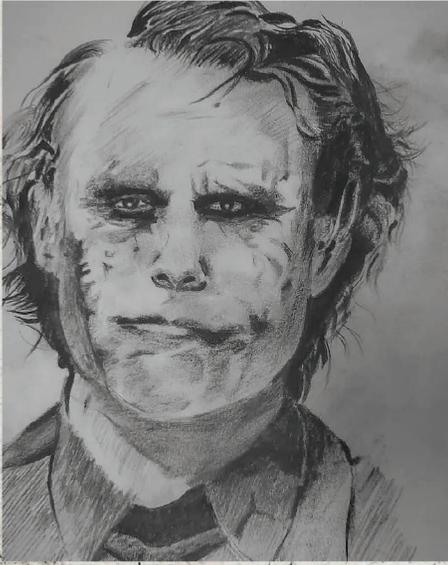

A silhouette of a camera on a tripod is positioned on the right side of the frame. The background is a soft, blurred sunset with a bright sun low on the horizon, creating a warm, golden glow. The word "Photography" is written in a white, elegant cursive font across the center of the image, partially overlapping the camera silhouette.

காதலும் கல்வியும் - ஒரு கவிதை வாழ்கையில்

கல்லூரி ஒரு கனவுக் காடு,
அங்கே நாமெல்லாம் தேடும் திசைகள்.
மண்வாசனை கொண்ட காலைப்பொழுதுகள்,
மனசைத் தொட்டுச் செல்லும் மணி ஓசைகள்.

கரும்பலகையில் எழுதும் எதிர்காலம்,
கண்களில் ஒளிக்கும் முதல் தைரியம்.
சிரிப்புக்குள் மறையும் ஆயிரம் கவலைகள்,
நட்பென்ற பெயரில் நிரந்தர நம்பிக்கைகள்.

புத்தகங்களுக்கு நடுவே பிறக்கும் காதல்,
பாதைகளில் பதியும் நினைவுகள்.
கல்லூரி முடிந்தாலும் முடியாத ஒன்று—
அது நம்முள் வாழும் ஒரு வாழ்க்கை!

P HARI HARAN
II-YEAR

Nature as Memory

*I find you in the hush of trees
where daylight pauses, soft and slow.
In moss that climbs the patient stones,
in rivers learning how to go.*

*The hills remember how you stood,
the wind repeats the shape of you.
Even the clouds seem slow to part,
as if they're waiting too.*

*The sun lays down its amber vows
upon the fields we never knew,
and every path the sparrows take
feels gently bent toward you.*

*So I will trust the turning earth,
its quiet maps, its borrowed light.
If love can travel through the roots,
it will return you by the night.*

**HARISH
II-YEAR**

Second bell

*Hens are for the motherland ducks are against.
And the dog is divided. For a moment he turns
his bloodshot eyes to the sky. Then his gaze
drops to the road again. In dust up to his armpits
comes a toothless man who likes to tease.*

*As usual today he shoves a stick between
the rails whistles mocks shouts. The dog stays
put howls without hope. The man searches
for a stone. The hens shriek for. The ducks groan
against. The stone hits the air misses the mark
and lands among the squabblers. The toothless guy
leaves the dog for dead. Blood squeezes his head.*

VISION

To become an Internationally Renowned Institution in Technical Education, Research and Development by Transforming the Students into Competent Professionals with Leadership Skills and Ethical Values.

**“Everything is easy when you are busy, but
nothing is easy when you are lazy”**

MISSION

Providing the Best Resources and Infrastructure Creating Learner- Centric Environment and continuous Learning. Promoting Effective Links with Intellectuals and Industries Enriching Employability and Entrepreneurial Skills Adapting to Changes for Sustainable Development
